PURDUE WORLD WATER DAY

WATER AND CLIMATE CHANGE

March 26, 2020

Join us to Learn More

Educational Exhibit

Time: 3 - 5 pm
Location: Stewart Center (Room 214)

Demonstrations of solutions to water issues from local organizations, information about the latest water-related Purdue research, and displays from industry professionals.

Experts Panel

Time: 5:30 - 7 pm
Location: Wilmeth Active Learning Center (Hiler Theater)

Purdue professors discuss connections between water and climate change from multiple perspectives. They will share insights on potential solutions and strategies for addressing linked water and climate change challenges.
