

2nd Women's Quantum Programming Workshop

Date: Mar 24th, Time: 11:00 AM - 4:30 PM

Location: Bill and Shirly Rice Design Studio in MSEE

Lunch provided!!!

The IQ-PARC at Purdue recognizes the crucial role that women have played in driving software development during the digital revolution. In light of this, IQ-PARC is hosting a half-day hybrid hands-on workshop for female engineers and scientists at Purdue.

Industry Partners include **Microsoft, IonQ, QCi, and IBM.**

All participants will receive an official certificate of participation from IQ-PARC. In addition, attendees will have the opportunity to participate in subsequent education events (featuring complimentary access to quantum computing systems) and to be considered for the awards and summer scholarships offered by IQ-PARC.
