BME's Art in Research Exhibition: Submit an Entry Today!

Deadline for submissions to BME's Art in Research Exhibition, Wed., August 31: Share your research with the Purdue and BME Community! The goal of the Art in Research exhibition is to creatively highlight the research of

BME graduate students and post-doctoral researchers in a visually intriguing way. This will also be a great opportunity to communicate your research to other students, faculty, staff, visiting alumni and members of the Weldon School Advisory Board. The image may be a photograph, illustration, micrograph, visualization, rendering, drawing, or any other static visual medium that represents an important aspect of your research. Entries must be submitted by Wednesday, August 31 at 11:59 p.m. All BME students are invited to attend the Art Expo and reception on Friday, September 9, beginning at 3:00 p.m. in the MJIS Atrium. Scan now to submit your entry or visit PURDUE.LINK/22-ART-IN-RESEARCH

Grow Your AgBioScience Startup with gBETA **Program kickoff: September 29, 2022** **[Apply before September 4, 2022](#)**

gBETA runs multiple times every year in cities across the United States. Up to five companies from a range of verticals are selected from a competitive applicant pool to participate in the free seven-week program. Participating companies receive:

- Individualized coaching and mentorship from the team of nationally ranked accelerator gener8tor on company growth and investor readiness
 - Weekly "Lunch & Learns" and "Mentor Swarms"
 - Investor and accelerator pitches
 - \$1M+ in deals and perks from vendors like IBM Cloud, Rackspace, Amazon, Paypal, Zendesk, Hubspot and Microsoft
 - Ongoing post-program support and gener8tor community involvement and offerings
- gBETA's goal is that graduates will go on to participate in an investment accelerator or raise a seed round.

News from You

Congratulations to Ed Rogers on Published Paper

Ed Rogers and his team recently had their paper “Utilizing novel TBI-on-a-chip device to link physical impacts to neurodegeneration and decipher primary and secondary injury mechanisms - Scientific Reports” published in Nature Magazine. Please be sure to check it out. <https://www.nature.com/articles/s41598-022-14937-w#Sec2>

Please inform Tammy of honors, awards, or other accolades (to include having a paper published) you receive so that the Weldon School may recognize your accomplishments. Send the complete information – specific title and nature of the award, name of conference or event at which award was given, date of said event, photograph if available, etc. – to tsiemers@purdue.edu.
