

REQUEST FOR SUBMISSIONS

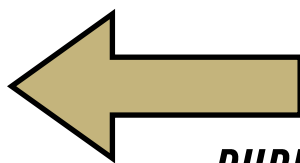

ART IN RESEARCH EXHIBITION

SHARE YOUR RESEARCH WITH THE PURDUE AND BME COMMUNITY

The goal of the Art in Research exhibition is to creatively highlight the research of **BME graduate and post-doc** students in a visually intriguing way. This will also be a great opportunity to communicate your research to other students, faculty, staff, visiting alumni and members of the Weldon School Advisory Board.

The image may be a photograph, illustration, micrograph, visualization, rendering, drawing, or any other static visual medium that represents an important aspect of your research.
