

Ochsner Health Administrative Fellowships and Leadership Development Program

Ochsner's Administrative Fellowship

program develops new generations of talented leaders in the healthcare industry. The program is designed to guide top graduate students into identifying their true potential in healthcare management. Through intensive training that combines system-wide exposure within Ochsner, students can learn with classroom instruction, executive shadowing, one-on-one mentoring, a wide range of intensive project work, and a multitude of professional development modules.

The Administrative Fellowship Program consists of seven (7) unique programs. Each concentration offers rotations through various functions of the discipline over a 12 - 24 month period. The length of the fellowship is dependent on the complexity of the learning. Feel free to apply to multiple concentrations. Please consider which will assist you in reaching your identified career path. Our concentrations include:

- Operations
- Nursing
- Supply Chain
- Finance
- Revenue Cycle
- Human Resources
- IS Digital
