### Career and Internship Opportunities

#### Internship Positions

- [R&D Engineering Co-op, DePuy Synthes](#)

#### Postdoctoral Positions

- NPA Website: <https://careers.nationalpostdoc.org/jobs/>

#### Full time Positions

- [Associate Human Factors Engineer, Zoll](#)
- [Biomedical/Biomechanical Engineering Expert, MLG Attorneys at Law](#)
- [Bioengineer & Health Analyst, Invoy](#)
- [Development Engineer II, Zimmer Biomet](#)
- [Research Engineer, Taledyne](#)
- [Senior Test Engineer, DEKA](#)
- [Sr. R&D Engineer, Medtronic](#)
- [Biomechanics Associate, Exponent](#)
- [Bioengineer Research Associate, The Geneva Foundation](#)
- [Principal Engineer, Kenvue](#) (a Johnson & Johnson Company)
- [Purdue Start-up Job Board](#)—Foundry Start Up Companies Looking to Hire

- [ACTS Career Center](#)—Association for Clinical and Translational Science
- [Doc Jobs](#)—Jobs beyond traditional clinical and academic roles

## Thesis/Dissertation Area Updates

I wanted to share a few updates related to the thesis area. First, we have officially retired the G.S. Form 37, which was previously used to request post-facto edits to a deposited thesis or dissertation. Instead, students requesting this or any other exception to Graduate School policy should submit a letter justifying the request endorsed by major professor and the head/chair of the graduate program to the Graduate School office at your respective campus (see [Section VII.I](#) of the University Catalog).

Second, if your students are using, or think they may use, the PurdueThesis LaTeX document class for their thesis or dissertation, please have them sign up for the PurdueThesis mailing list so they can stay up to date on communications related to LaTeX. See the first paragraph of <https://engineering.purdue.edu/~mark/PurdueThesis> for the web address of the mailing list.

Lastly, I wanted to share that Carla Coffey has accepted the Graduate Records Coordinator of Theses & Dissertations position at the West Lafayette campus. She has worked for the Graduate School here since 2017, and has 6 years of experience working in the thesis area already. We are thrilled for her to join the Records team in an area where she already has a high level of expertise, and believe her skills and experience will be a great asset to students and staff. Carla officially starts in this new role this Monday, February 6, 2023.

## OIGP Upcoming Event Reminders/Deadlines

*See attached*

1. **Social Justice Seminar Series** – Next Wednesday, Feb. 8<sup>th</sup>.  
Data and Diversity: Looking to the Past to Understand Future Challenges – Dr. Christopher Munt  
Visit the link below for more details and to RSVP.  
<https://www.purdue.edu/gradschool/oigp/events/social-justice-seminar-22-23.php>
2. **OIGP Spring Reception** - Poster and Award Submission Deadline: Wednesday, March 1st, 2023.  
[Poster Presentation Application and Details](#)

[Most Outstanding Interdisciplinary Project Award Application and Details](#)

The Event date is Wednesday, May 3rd.

## Are You on a Job Search? (Virtual Career Fair)

Whether you're just **starting out**, making a **career transition**, or looking to **advance your career**, there's something for everyone at our virtual [Career Fair](#).

Join us on **February 22** and get connected with **top employers in the life sciences!**

Steps to take after you [register](#):

- Build out your profile on the event platform, Brazen
- Upload your resume
- Review the [guide](#)
- Watch 2-minute [video](#) overview of the platform

**February 22, 2023 | Virtual**  
3:00 PM - 6:00 PM

**Register**

## Graduate Professional Development Newsletter (FEB 3)

[Graduate Professional Development Newsletter \(FEB 3\)](#)

## Open Faculty Positions in BME @ GT

### Lecturer job ad summary

The Wallace H. Coulter Department of Biomedical Engineering at Georgia Institute of Technology and Emory University has openings for Lecturer positions. Our community of 1,200 undergraduates, 400 graduate students, and more than 150 faculty and staff make us one of the largest and most diverse BME programs in the country. We value and work to improve our educational programs as evidenced by the [2019 Bernard M. Gordon prize](#). For this role, we are interested in candidates who contribute to the culture of instructional excellence and ongoing innovation primarily but not solely in our undergraduate program. We have specifically identified four areas of focus for these positions: (1) fluid mechanics, transport phenomena, and related biological mechanisms and biomedical applications; (2) introduction to human physiology, biological systems physiology, and organ function; (3) engineering design, especially medical devices, FDA regulation, and human-centered design; (4) engineering communication focused on storytelling to support individual development, leadership, and career progress. An extended job ad can be found [here](#). That job ad contains example syllabi for each of the four areas,

information about the department, and application instructions. Applications can be submitted [here](#) – please note that we are using an anonymous first round review of candidates and ask that candidates submit blinded documents as described in the extended ad.

For inquiries, please contact the BME NTT Search Committee at [NTTSearchCommittee@bme.gatech.edu](mailto:NTTSearchCommittee@bme.gatech.edu)

### **Boilers Work Internship Program – Now Accepting Submissions!**

#### ***See attached***

The Boilers Work internship program is now open and accepting submissions for the summer of 2023! This internship program provides ten graduate students per year with a stipend to pursue an unpaid summer internship. This year, the stipend award has increased to \$7,500! This program is intended to help students garner real-world work experience, refine soft skills, and establish career connections before graduation. Attached is a 2022 Boilers Work recipient's experience!

The deadline to submit is April 3rd by 11:59 p.m. Awards will be announced on April 14th.

More information about this program, as well as rules and requirements, can be found on the [website](#)!

If you have further questions, please email [profdev@purdue.edu](mailto:profdev@purdue.edu)

### **Register now! Nanotechnology Conference & Distinguished Lecture on 02/24**

**TLDR: Opportunity to present your research here at Purdue, distinguished lecture from former Scientific American's "Scientist of the Year" Prof. Yurii Vlasov, and free food for all registered attendees! Register here: <https://forms.gle/RGKQbagA57Cts3LA>**

Greetings!

The Nanotechnology Student Advisory Council (NSAC) would like to invite you to attend our conference & distinguished lecture on Friday, 24 Feb., 2023. Attached are informational flyers for the events, but here is a summary of all the most important details:

- **Register by Thurs. 09 Feb. to guarantee your lunch!** Food will be served after the distinguished lecture.
- We are still looking for presenters for the lecture and poster sessions! Posters and talks from up to two years ago can be reused. **We will print new posters for free! Deadline for free printing is Sun 12 Feb.**
- We will notify you that you have been accepted to present on a rolling basis. Talks should be about 10-15 min, and posters will be displayed in the Birck Nanotech Center atrium.
- **\$100 cash prizes** will be awarded to the best poster and best presentation. Honorable mentions will also be given.
- Prof. Yurii Vlasov comes from University of Illinois Urbana-Champaign to discuss his research in integrated neurotechnology. He is a pioneer in the field, having earned membership to the National Academy of Engineers as well as fellowships from IEEE, APS, and Optica. He is a tenured professor in electrical & computer engineering, physics, materials science engineering, bio-engineering, and medicine. This is a talk you don't want to miss!

Here is the link to register!

<https://forms.gle/RGKQbagA57Cts3LA>

**DISTINGUISHED LECTURE**

# YURI VLASOV

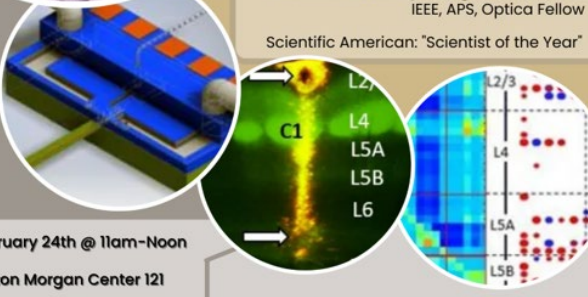

INTEGRATED NEUROTECHNOLOGY LAB,  
UNIVERSITY OF ILLINOIS, URBANA-CHAMPAIGN

John Bardeen Endowed Chair of Electrical and Computer Engineering

Professor of ECE, Physics, Materials Science, Bio-Engineering, & Medicine

National Academy of Engineers Member  
IEEE, APS, Optica Fellow

Scientific American: "Scientist of the Year"

**TOPIC: ADVANCED ENGINEERING APPROACHES AIMED AT REVERSE ENGINEERING OF THE BRAIN CIRCUITS**

February 24th @ 11am-Noon  
Burton Morgan Center 121

Free lunch afterward for all registered attendees!!

PRESENTED BY NSAC, SPIE, AND BIRCK NANOTECHNOLOGY CENTER AS PART OF NANO EXHIBITIONS 2023

Register to attend or present!!

## NanoExhibitions (NanoEX)

NanoEX is a conference across the entire field of Nanotechnology for graduate researchers, post-docs, and professors to spread the word about their recent contributions to the world of science.

Friday, Feb. 24. in Discovery Park

**09:00am - 11:00am**  
Plenary Research Talks @ Burton Morgan 121

**11:00am - 12:00pm**  
Distinguished Lecture @ Burton Morgan 121  
Dept. Chair / Professor Yuri Vlasov, UIUC

**12:15pm - 02:00pm**  
Lunch talk with Birck Research Staff @ Burton Morgan 121

**02:15pm - 04:00pm**  
Research Poster Open House @ Birck Atrium

No Registration Fee  
Free Lunch for All Attendees  
Coffee and snacks at Open House  
Cash Awards for Best Presentations/Posters

## Two Days Left to Submit 3MT Materials!

There are only two days left to submit your research video entries for a chance to participate in the Graduate School's annual Three Minute Thesis (3MT®) competition! This is an exciting year to participate, as we have increased the cash prizes, which include \$5,000 for first place, \$3,000 for second place, and \$2,000 for the People's Choice Award winner.

I have shared the link to the 3MT webpage below and some additional information about the Graduate School's 3MT® competition. Please email me, Allison Loy ([Loy2@purdue.edu](mailto:Loy2@purdue.edu)), with any questions!

### What is 3MT®?

Three Minute Thesis (3MT®) is a research communication competition that helps graduate students develop academic, presentation, and research communication skills so that they can effectively explain their research to a non-specialist audience. During each competition, graduate students will have three minutes to present a compelling discussion on their research topic, including its significance and relevance, to the general public. This is a fast-paced competition where the top 10 finalists compete by summarizing their two to three-plus years of research in only three minutes with just one slide.

### 3MT® Timeline

- Friday, February 10: Draft Video Submission Deadline – [Learn more about making a draft video!](#)
- Friday, February 17: Semifinalists Announced
- Friday, February 24: Semifinals – in person
- Monday, February 27: Finalists Announced
- Tuesday, April 11: Competition – in person

Learn more about the Purdue University Graduate School's 3MT® competition here:

<https://www.purdue.edu/gradschool/professional-development/competitions/3mt/index.php>

We look forward to learning more about your research!

## STEM Career Panel + Graduate Research Lightning Talks

March 1 & 3, 2023

3:00-6:00pm ET each day

### Are you interested in the current state of STEM careers & research?

Identifying areas of opportunity and adopting strategies to meet the needs of the current landscape in STEM requires maintaining a diligent focus on current research and viable pathways. The ABRCMS365: Career & Research Summit is a new 2-day virtual experience that combines:

- **Career Panels:** Conversations with current STEM professionals about their jobs and career paths.
- **Scientific Lightning Talks:** STEM Graduate student presentations on their latest research and breakthroughs.

The event will provide an opportunity for attendees to grow their knowledge of the current state of STEM careers & research and how scientists from a variety of backgrounds have navigated challenges and opportunities. Free to all who attend, this summit is for anyone interested in keeping up with current STEM research and careers while supporting graduate student scientists from underrepresented backgrounds in their pursuits.

Register today! [ABRCMS365: Career & Research Summit](#)

### Workshops and Deadlines

Here are some upcoming workshops and deadlines more detailed information about the workshops will be sent out separately closer to the event.

|                           |                                                                                                                                         |
|---------------------------|-----------------------------------------------------------------------------------------------------------------------------------------|
| February 8 <sup>th</sup>  | Purdue Polytechnic Career Fair                                                                                                          |
