UNIVERSITY

College of Engineering

FACULTY PROFESSIONAL DEVELOPMENT WORKSHOPS 2022-23

in partnership with

COLLEGE OF ENGINEERING'S MENTORING FELLOWS

MENTORING, MANAGING, and DIVERSIFYING GRADUATE STUDENT RESEARCH GROUPS

NOV 10, 2022 • 10:00am – 11:30am

PGSC 105 A&B & Online

(The PGSC is located at 504 Northwestern Avenue - the building in front of the Northwestern parking garage.)

PANELISTS

Dr. Stephen Beaudoin
Professor,
Chemical Engineering

Dr. Levon Esters
Associate Dean,
Polytechnic Institute

Sopuruchukwu Ezenwa
PhD Candidate,
Chemical Engineering
& Purdue NSBE
Graduate Chair

Dr. Tamara Kinzer-Ursem
Associate Professor,
Biomedical Engineering

MODERATOR

Emily Garcia
Mentoring Fellow,
PhD student,
Industrial Engineering

The research is clear on how stereotypes impede the participation and advancement of individuals from groups underrepresented in academia, especially in engineering. Hear Engineering faculty share their efforts to address this through the development of mutual understanding, introspective awareness towards inclusion, improved mentoring and intentionality in recruiting and supporting diverse graduate students.

Everyone Welcome!
