

SUMMER INTERNSHIPS AVAILABLE

Pantex Plant and Y-12 National Security Complex ensure a safe and effective U.S. nuclear weapons deterrent.

Join the Mission #MoreThanAJob

- 10-week paid internships at the Pantex Plant (Amarillo, TX) or Y-12 National Security Complex (Oak Ridge, TN).
- Students can expect competitive compensation and benefits, including a stipend and inbound and outbound travel to the plant, as applicable.
- Students will work in a team environment on meaningful projects relevant to their field of study.
- Students are paired with a technical staff member and a mentor.
- Students engage in professional development workshops and social activities.

Program Dates

May 20, 2024 – July 25, 2024

Apply By

October 31, 2023

Eligibility Requirements

- Eligible participants must be of junior, senior, or graduate standing at start of internship.
- U.S. citizenship required for security-cleared positions.
- Must pass a drug test and background check.
