

CALL FOR SUBMISSION

Artistic Display of Research

The goal of the Artistic Display of Research exhibition and competition is to creatively highlight the research of **BME undergraduate, graduate and post-doc** students in a visually appealing way. The eligible entries include images but also other visual forms such as photographs, illustrations, renderings, and drawings, which represent an important supplement to your research.

This year, there are three categories in the competition:

- 1. Most Artistic Display – Graduate/Postdoc Level**
- 2. Most Artistic Display - Undergraduate Level**
- 3. Promoting Engineering – Medicine Partnership Award**

Voting for the first two categories is open to everyone. Voting for the last category is reserved to BME Advisory Board meeting attendees.
