PICR Monthly Series on Career Development

AI Use in Research

Jamie Mohler, Ph.D.

*AVP of Research Integrity, Compliance & Care, Research Integrity Officer &
Professor, Office of the Executive Vice President for Research*

June 27, 2025, 11:30 AM – 12:30 PM

Key points:

- Is it safe to use AI in research?
- What are the federal agency perspectives on AI use?
- Concerns of Research Security: What are they?
- Tools and Approaches (well at least one and a few)

Speaker:

Jamie Mohler, Ph.D. Dr. Mohler is Associate Vice President of Scientific Integrity and Research Compliance (AVPSIRC), Research Integrity Officer (RIO) and professor of Computer Graphics Technology at Purdue University. As AVP, Dr. Mohler provides executive leadership and coordination for the integrity, compliance and care units that support and safeguard research.
