

Pathway 2 Postdoc Virtual Workshop

**Join us Tuesday, Oct. 15, 2024, at
11a.m. - 2 p.m. CT for a carefully curated look into
postdoc training at UT Southwestern!**

Pursuing postdoc training is a big commitment. You want to make impactful discoveries and have a fulfilling career while integrating your work and life along the way. Let us show you how postdoc training at UT Southwestern can help you reach your goals.

Key elements of the workshop:

- Hear an overview of the postdoctoral programs at UT Southwestern.
- Navigate through UT Southwestern's research landscape.
- Explore professional development opportunities.
- Get a glimpse of Dallas life for postdocs.
- Receive firsthand accounts from current postdocs.
- Review instructions for the application process.

All graduate students with an interest in physical, chemical, computational, or biomedical sciences, especially those within one year of graduation, are strongly encouraged to register.
