Dean's Panel: Leadership and Success in a Faculty Position

See Attached

Hi CoE Graduate Students and Postdocs— Please check out the opportunity below and RSVP if you are interested.

Engineering Deans' Panel: Leadership and Success in a Faculty Position

About: You have considered pursuing a tenure track assistant professor position, but how do you not only achieve this – but succeed in the position and lead? Come join the Engineering Academic Career Club (EACC) and Purdue Engineering's Dean and Leadership Team to learn more about leadership positions in academia and how you can hit the ground running in your future faculty career!

Panelists:

Prof. Mung Chiang, EVP, Dean of College of Engineering

Prof. Arvind Raman, Executive Associate Dean, Robert V. Adams Professor in Mechanical Engineering, Professor of Materials Engineering (by Courtesy)

Prof. Dana Weinstein, Associate Dean of Graduate Education, Associate Professor of Electrical and Computer Engineering

Who should come: All levels of graduate students and postdocs are welcome

When: Monday February 14, 2022 2-3:30pm

Where: WALC 1132 (hybrid event:108 attendees eligible for in-person)

Protect Purdue Guidelines: For in-person attendees, check-in at the entrance. Masks must be worn at all times covering your mouth and nose. Vaccination is strongly encouraged.

Graduate Writing Workshop Application Open (for first or second year graduate students)

Introduction to Graduate Writing Workshop

The expectations for writing in graduate school are much higher than for writing as an undergraduate. As a graduate writer, you may undertake the writing of articles for publication, grants, conference presentations, a thesis or dissertation, etc. The Introduction to Graduate Writing Workshop is meant to introduce graduate students in their **first or second year** to various aspects of scholarly writing so that they can become successful scholarly writers in their field of study. The workshop is a four-part event, and participants are expected to attend all four sessions. The four parts of the workshop focus on Getting Started, Drafting, Revising/Editing, and Project Planning.

Spring 2022:

Dates/Times: Wednesdays during March (excluding spring break, March 2, 9, 23, & 30) from 4:30-6:00 pm.

Format: Virtual (Zoom)

Anyone interested in attending this four-part event should apply between **Feb 7 and Feb 20, 2022**. [Complete the application survey here](#).

For more information, see the introductory material in the application survey or email Writing.Lab@purdue.edu and include INTRO GRAD in the subject line.

Invitation for East Coast Datathon and Midwest Terminal and for Biomedical Engineering Department Students

Citadel Spring 2021 Events Announcement

This spring, we're inviting you to compete in the Midwest Regional Terminal and the East Coast Regional Datathon. This is a great learning opportunity for those who are interested in coding/data science and want to showcase their skills in a team based setting.

Apply NOW to either of these competitions or both, and win a chance at prize money & recruiting opportunities at Citadel!

Find more event details below, and feel free to email me at yusra@correlationone.com if you have any questions. We look forward to reviewing your application!

Midwest Regional Terminal

When: April 4th to 11th (flexible structure)

Where: Virtual

Prizes: \$15,000 + Exclusive recruiting opportunities with Citadel LLC and Citadel Securities

Who: Undergraduates, graduates, Ph.D., and post-doc researchers

Terminal is a one of a kind games-based AI challenge, where players code strategies to automate gameplay, battling team vs team for prize money and job opportunities. For more information, [check out this brief clip to see Terminal in action!](#)

Congratulations to Hayagreev Keri, COSYNE 2022 Invitation

Hayagreev's poster abstract was accepted for a poster presentation at the Computational and Systems Neuroscience Conference (COSYNE 2022) being held at Lisbon, Portugal from March 17th-21st.

The poster is titled: Goal-directed processing flexibly controls the flow of interhemispheric tactile cues. The authors are: Hyein Park, Hayagreev Keri, Chengyu Bi, Daniel Butts, Scott Pluta.

Congratulations!

Agudemu Borjigin won 2nd place in poster blitz at ARO!

ARO: Association off Research in Otolaryngology hosted a poster blitz (3 min talks) at their virtual conference this week, and our very own Agudemu Borjigin won 2nd prize in the student category!! Hari told me there were ~250 student applications and 22 final presentations, so he did really well representing Purdue BME!!!
