

Join our Roche Global Quality & Regulatory Internship Program

About the program

The Global Q&R Internship Program is a **two summer rotational program** which provides students with the unique opportunity to gain valuable experience within Quality & Regulatory Affairs functions across Roche sites.

Interns are provided 2 consecutive summers of experience working on high impact projects and will rotate sites and functions each summer. Students will be placed in Quality, Regulatory, Case Monitoring & Resolution (CMR), or a combination of both.

All intern projects are designed to have high business impact as well as serve to assess the intern's performance and skills required for potential full-time hire following graduation.

Roche at a glance

Roche is a global pioneer in pharmaceuticals and diagnostics focused on advancing science to improve people's lives. The combined strengths of pharmaceuticals and diagnostics, as well as growing capabilities in the area of data-driven medical insights help Roche deliver truly personalized healthcare. **Roche is working with partners across the healthcare sector to provide the best care for each person.**
