PU-ICR Monthly Series on Career Development

Data Management in Research & Life

James Mohler, Ph.D.

*Associate Vice President of Scientific Integrity and Research Compliance,
Office of Research*

October 6, 2023, 12 - 1PM (EST)

Drug Discovery (DRUG) Lobby Conference Room

Key Points

- The issues surrounding, and importance of, data management practices in research.
- Things to focus on in data management plans.
- Ownership, retention and sharing of data.
- Applying management principles outside the research context.

Speaker

James Mohler, Ph.D. Dr. James (Jamie) Mohler is a professor of Computer Graphics Technology (CGT). He has served in various administrative roles at Purdue since 2008, most notably Associate Dean of Academic Affairs & Diversity (2011-2015) in the Purdue Polytechnic where he was responsible for undergraduate and graduate education, diversity and faculty development. Most recently he has served as Associate Dean of the Graduate School with executive responsibility over the Graduate Programs Office, Office of Interdisciplinary Graduate Program, Graduate Records Office, Thesis Dissertation Office and Information Management and Assessment. He is currently serving as Associate Vice President of Scientific Integrity and Research Compliance (AVPSIRC), where provides executive leadership and coordination amongst the various research compliance areas in the Office of Research including IRB, IACUC, COI/COC, Export Control and Research Security.
