

YOU DON'T HAVE TIME FOR THE FLU.

WorkLife Programs will partner with Maxim Health Systems to provide seasonal flu shot appointments on the West Lafayette campus.

Use the online registration system to make an appointment for yourself or your spouse/same-sex domestic partner at least 24 hours in advance. Then show up with your PUID and get your flu shot.

Seasonal flu shots on campus are only offered to benefit-eligible faculty and staff, graduate staff, official Purdue retirees, and their spouses/same-sex domestic partners. Purdue University covers the cost of the vaccine to keep employees healthy. Please see your health care provider for dependent vaccines.

THREE WAYS TO GET A FLU SHOT

1

REGISTER FOR A SEASONAL FLU SHOT APPOINTMENT ON CAMPUS:

Go to www.purdue.edu/worklife and select "Register for classes". Log in with your career account and password. Click on "Flu Shots," then select "Campus events". Employees can register for a campus appointment for themselves or their spouse/same-sex domestic partners. Bring employee PUID to appointment.

2

GET A SEASONAL FLU SHOT AT A RETAIL LOCATION:

A list of covered locations is available at www.purdue.edu/worklife.

Bring your CIGNA medical card to the retail location.

3

SEE YOUR HEALTH CARE PROVIDER:

All Purdue health plans cover the seasonal flu vaccine for employees and covered dependents.
