The 19th Annual Garnet E. Peck Symposium

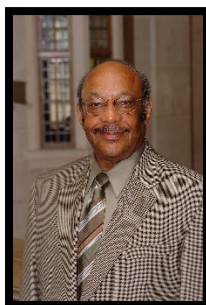

"Digital Transformation in the Pharmaceutical Industry "

Thursday, April 4, 2024

France A. Cordova Recreational Sports Center, Purdue University

The Peck Symposium will showcase the digital transformations occurring in the pharmaceutical industry. Presentations include the latest developments in discovery, data analysis, process development and the application of AI in the pharmaceutical industry, as well as a poster session and 3-minute student thesis competition.

Lunch will be in honor of Dr. Frank Brown Jr.
