

**Birck Nanotechnology Center
Research Equipment Power Outage for
ALL GENERAL LABORATORY, SUB FAB, AND CLEANROOM
Wednesday May 6, 2020 from 10AM to 2PM**

Dear BNC User,

This is advance notice about **major electrical power outage involving all research equipment in the center on Wednesday May 6 from 10AM to 2 PM**. Physical Facilities High Voltage Department have firmed up plans necessary to gain access and have parts needed to fix the switchboard #1 that supplies power to all research equipment in the center. This involves **all research equipment in ALL GENERAL LABORATORY, SUB FAB, AND CLEANROOM**. All research equipment connected to our building wide Uninterrupted Power Supply (UPS) or generator power will NOT lose power during this time.

This work will be **completed during our normal spring building preventative maintenance closure that is scheduled from Monday May 4 through Friday May 8, 2020**. More details on the preventative maintenance closure will be communicated as we get closer to May 4, 2020.

Please contact me if you have any questions or concerns.

Best Regards,

Mark Voorhis
Building Manager
