

COMMUNITY QUANTUM OPEN HOUSE

COOL CATS DIG QUANTUM. YOU CAN TOO!

Entanglement

Superposition

Randomness

Curious about quantum? Want to know more?

We won't shine a laser on the floor and expect you to catch the dots, or entangle you in yarn, but we will engage you with some quantum science basics and applications. This general audience event is free to attend. Registration is required.

Students grade 9 and above may accompany registered adults. Not appropriate for younger children.

SPACE IS LIMITED, REGISTER HERE:
