

2nd Annual **Birck Research Symposium** and Inaugural **Birck Industry Day**

Monday April 27, 2026 - **Industry Day**

- Parallel seminar sessions from Birck equipment vendors and industry partners in our 2 main conference rooms: topic areas of *fabrication* and *characterization*
- Digital Twins demos (Apple Vision Pro VR): building the nation's leading academic AI- and digital twin-enabled nanotechnology facility
- Birck facility tours of Scifres cleanroom and specialized labs
- Student poster session and awards ceremony
- All-day event 8:30 AM-6 PM; breakfast, lunch and evening hors d'oeuvres provided
- Located inside [Birck Nanotechnology Center](#)

Tuesday April 28, 2026 - **Birck Research Symposium**

- Morning & afternoon sessions of **30 min. invited seminars** from distinguished researchers in nanoscience and nanotechnology at Purdue and Midwest R1 peer universities
- Exhibit on **Semiconductor Workforce Education** initiatives in the Midwest
- Birck equipment vendor **trade show** in atrium
- All-day event 8:30 AM-5 PM; breakfast and lunch provided
- Located at Hall for Discovery and Learning Research (adjacent to Birck)
