

We're on the road again and excited to drive our latest technology across the nation. Experience the latest SCIEX workflows in person to see how we can help you be even more successful.

**Extraordinary sensitivity**  
takes you beyond current limits  
with the SCIEX 7500 system

**Process data faster**  
with SCIEX OS

**Detect more compounds & isoforms**  
with the ZenoTOF 7600 system

**Increase throughput and reproducibility**  
of biotherapeutic development with the new BioPhase 8800 system

**Get support**  
by chatting  
with our  
scientists

**Register, and Join Us for Lunch and a Tour on June 2!**

June 2, 2022 | 11:00 a.m. - 2:00 p.m.  
Burton Morgan Drive  
Morgan Ctr. For Entrepreneurship  
Purdue University
