

QUANTUM GAME CLUB

Want to learn about and interact with
real Quantum Hardware?

Want to learn the fundamentals of
Quantum Algorithm design?

Then join the Quantum Game Club!
No experience needed!

You will be given the training materials and
free-access to quantum hardware to develop
your own quantum games. Club activities and
hardware access will be supported by
Microsoft Azure and IONQ.

**Callout March 3rd 5-6pm
BRK 2001**
