Professor/Director  
Dept. of Bio-Chemistry

Did you know that college students who participated in a mentoring program were 40% likely to have a job after completing college? Do you know makes up a good mentor? Or even, how do you go about picking the right mentor for you? Join us for an enriching discussion that will cover some of these great questions about mentorship in college.

### What is M@P?

M@P is a mentoring program designed for women and minority graduate students at Purdue University. M@P aims to improve the quality of graduate education through fostering mentoring relationships between graduate students and faculty or staff members.
