LUNCH AND LEARN

SEMINAR

Hosted by OSA Purdue Student Chapter

Optical Specifications Basics

by Anna Wang

Optical material properties, surface figure, scratch-dig and coating types. “What does it all mean and what specifications do I really need for my particular application?”

Anna Wang, Newport Corporation Product Manager for Catalog Optics, graduated from the University of Rochester Institute of Optics. She has been working at Newport for 25 years covering different responsibilities including marketing, sales, manufacturing, engineering and product line management.

Seminar will be held at
Purdue University
Birck Nanotechnology Center
Room BRK 2001
Tuesday August 26th
12pm – 1pm

*Find your answers at the
Lunch and Learn Seminar!*
