The Mentor Match

The Mentor Match: Finding the Perfect Pairing

Wednesday, September 27, 2017

Noon – 1pm *(Lunch provided)*

Pfendler Hall, Room 241

Speakers: Ann Fry & Danica Kirkpatrick
Purdue Ag Alumni Mentoring Program

Mentoring is increasingly being recognized by organizations as an effective strategy for helping to develop students' knowledge and skills, and empowering them to reach their greatest potential. The pairing of two individuals is very important to any mentoring program. When people are paired correctly, mentoring can be a valuable experience. The appropriate pairing of mentors and mentees is the first step to an empowering relationship.

What is M@P?

M@P is a mentoring program designed for women and minority graduate students in the College of Agriculture at Purdue University. M@P aims to improve the quality of graduate education through fostering mentoring relationships between graduate students and faculty or staff members in the Agriculture and Life Sciences.
