

Open Position: Post-Doctoral Fellow

There is immediate opening for two Post-Doctoral Fellow positions at Nano-Optics Research Group, NanoScience Technology Center and College of Optics and Photonics (CREOL), UCF, Orlando, Florida.

Position-1: Design and fabrication of CMOS transistor based read out integrated circuits (ROIC) for mid-IR uncooled detectors.

Expertise: Hands-on design and fabrication experience on CMOS processes.

Qualification: PhD from reputed university in Electrical Engineering, Applied Physics or related field.

Position-2: Nanophotonics/Optoelectronics

Expertise: Hands-on design and fabrication experience on general theme of nanophotonics and optoelectronics (III-V Solar Cells, Detectors, Lasers, LEDs, plasmonics/metamaterials etc).

Qualification: PhD from reputed university in Electrical Engineering, Applied Physics or related field.
