

PARTICIPANTS NEEDED FOR A RESEARCH STUDY

Examining Physiological Responses and Cognitive Processing in Different Conditions

Principal Investigator: Dr. Behzad Esmaili and Dr. Young-Jun Son IRB Protocol Number: IRB-2025-1134

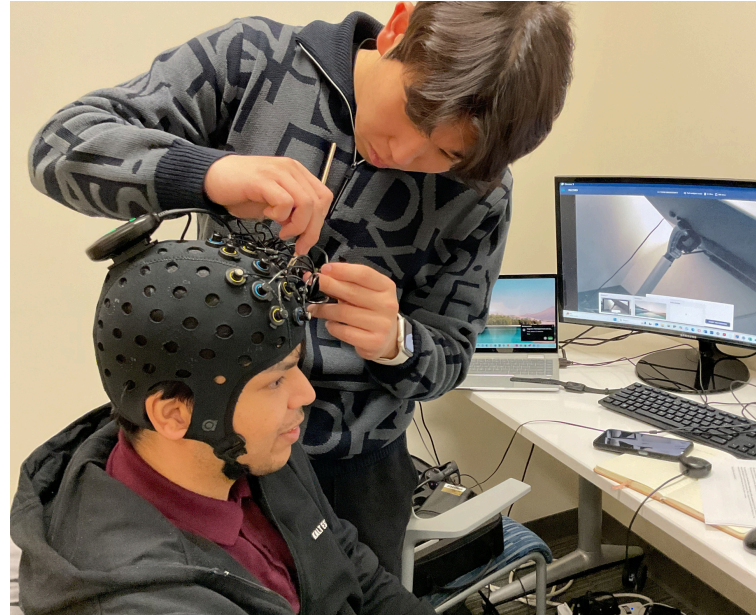

Receive \$20 Amazon Gift Card for participation in the experiment

WHAT IS THIS STUDY ABOUT?

- ✔ This study aims to understand how individuals process information and react under different conditions.

WHO CAN PARTICIPATE?

- ✔ Healthy adults aged 18-65
- ✔ Must be able to provide informed consent
- ✔ No history of severe anxiety, PTSD, or trauma-related conditions
- ✔ Not pregnant

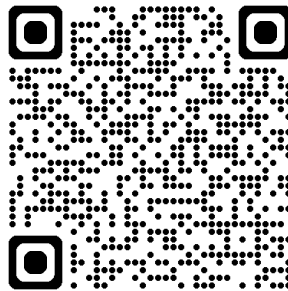

WHAT WILL YOU DO?

- ✔ Complete surveys on mood, cognitive load, and focus
- ✔ Perform cognitive tasks assessing decision-making
- ✔ Wear non-invasive sensors (heart rate, brain activity, eye-tracker)
- ✔ Participate in a 1-hour 45-minute research session
