

**Graduate Seminar Series – Spring 2023****\*ATTENDANCE REQUIRED FOR GRADUATE STUDENTS\*****Forney Hall, Room G140****Tuesdays 3:00-4:15 p.m. (unless noted)****March 7**

Dr. Kyle Kostroski

*Vice President & Adjunct Professor of Chemical  
Engineering at University of Illinois Chicago*  
Engineering Prioritization, Planning & Performance,  
BP

**Host:** Dr. Nien-Hwa Linda Wang**March 27 & 28****Kelly Lectures**

Dr. Zhenan Bao

*K.K. Lee Professor of Chemical Engineering &  
by courtesy: Professor of Chemistry & Professor of  
Materials Science and Engineering*

Department of Chemical Engineering,  
Stanford University

**Host:** Dr. Letian Dou**March 21**

Dr. Song Li

*Chancellor's Professor and Department Chair*  
Department of Bioengineering &  
Department of Medicine,  
University of California, Los Angeles

**Host:** Dr. Xiaoping Bao**April 13 (Thursday)**

Dr. Christos Maravelias

*Anderson Family Professor in Energy and the  
Environment, Professor of Chemical and Biological  
Engineering and the Andlinger Center for Energy  
and the Environment, Chair of Chemical and  
Biological Engineering*

Department of Chemical and Biological Engineering,  
Princeton University

**Host:** Dr. Can Li**March 23 (Thursday)**

Dr. Michelle Pantoya

*J. W. Wright Regents Chair  
in Mechanical Engineering and Professor  
in Mechanical Engineering and Professor*  
Department of Mechanical Engineering,  
Texas Tech University

**Host:** Dr. Steve Beaudoin**April 18**

Dr. Enrique Iglesia

*Neil Armstrong Distinguished  
Visiting Fellow at Purdue University,  
Distinguished Professor of the Graduate School,  
& Theodore Vermeulen Chair  
in Chemical Engineering (Emeritus)*

Department of Chemical  
& Biomolecular Engineering,  
University of California Berkeley

**Host:** Dr. Fabio Ribeiro
