

Do you use the correct size for your safety gloves? Do you use the best safety gloves for your application? Do you Don and Doff safety gloves correctly? Would you like to find out your correct glove size and learn how to choose your safety gloves for best protection? Do you want to learn more about the RightCycle recycling program?

The **ChE Safety Committee** in collaboration with **ChESS** and with the **ChE Sustainability Committee** is inviting you to a

“Fit and Feel”

event featuring different Kimtech safety gloves, including the new **Polaris** nitrile gloves, preferred by most researchers due to their superior quality and enhanced protection against some of the harshest chemicals used in research.

Wednesday, September 4, 2024

1:00pm to 3:00pm

in FRNY Atrium

Guess the weight of the first
Gaylord of gloves to be recycled
from FRNY building, and win a prize!
