

Here is some general info I send to everyone who expresses interest in our tours.

The tours start at our Benton County Annex Center located at 410 South Adeway, Fowler, IN 47944. I have attached a local map once you get to Fowler.

Our tour guide, Harry, will greet your group at the annex center for a tour with a general agenda, as follows:

1. Video presentation of the turbine installations
2. Visit and photo opportunity next to an actual turbine blade
3. Harry will lead a driving tour to a completed turbine and, depending on your time schedule, possibly a sub-station and two different types of turbines across from one another. At a minimum you will be taken to the turbine but if your group is limited to tight schedule, the substation and two different turbines may be forgone.

Important: For those who wish to walk up to the turbine we require a signed waiver for each person and should be given to Harry the day of the tour. The turbines are on private property and the waivers are used to protect the county and the private land owners should someone twist their ankle or something like that. For those who wish not to sign a waiver they will still go to the turbine but they will have to view it from the vehicle they arrived in. Only the ones with the signed waiver get to walk up to the turbine.

Our tour guide is a retired school teacher and tours can last from one hour on up to two or three hours depending on the group, how many questions they have and their time schedule. Each group is different and we try to be as flexible as possible. We have restroom facilities at the annex should you need them once you arrive or before you head to your next destination.

The prices for the tour are listed in the attached brochure and are due the day of the tour via cash or check. Checks should be made payable to Benton County Economic Development. If you pay cash and would like a receipt the day of the tour, Harry will provide a temporary receipt and I will send an official receipt. Don't hesitate to let me know if you need an invoice to facilitate payment from your side and I will get one to you.

Please let me know if you have any questions.

Thanks so much!

Kelly Kepner
