"LTHC has been so appreciative to partner with Purdue...Each project has exceeded my expectations and the quality of the work is top notch. I would strongly recommend other non-profits consider taking the leap!"

Jennifer Shook,

This event serves to bring together faculty, staff, students, and community partners to discuss best practices in engagement and service-learning, highlight accomplishments, and increase collaboration opportunities. This year, the event will feature two interactive tracks: a beginning track on networking and partnership formation, and an advanced track on developing engaged scholarship. A showcase in conjunction with a networking/poster session and hors d'oeuvres will conclude the summit. There is no charge to attend; however, registration is required and will open in January 2020.
