

Hello Purdue Engineering Students,

At Hewlett Packard Enterprise, the ideas that propel our world faster are born right here, every day. That's why we're looking for the brightest minds with the biggest ambitions. We need people who'll fearlessly create and challenge the way we think. Ready to change the world? No one's doing it faster.

We're looking for Engineering Interns & Graduates focused on the following:

- Server Automation
- Customer Facing Software Development
- Software Engineering for Networks
- Storage Engineering
- Test Engineering
- Embedded Software Engineering
- Data Science/ Machine Learning Interns

**Hewlett Packard
Enterprise**
