

Team India - 09/21

What has happened over the week?

- > VIT Medical team has been communicating with our Medical Team over the week and they (VIT) are planning on pursuing the other project (KIT) over the belt.
- > Teams should have uploaded their gantt charts on SHAREPOINT by now.
- > If you are reading this, and your team's gantt chart, DO IT NOW.
- > The teams are working with their own research and have gained quite a bit of momentum. Keep it up guys.

Things to accomplish by the end of the day:

- > We will have a normal lab session, starting with PIGS. Make sure your PIGS are on the google slides link.
- > We will start PIGS at 8.30am, and break into team discussions by 9.
- > Medical team has scheduled a call with VIT
- > The RuTag team is looking to talk to IIT if they respond by tomorrow.

Announcements :

- > MAKE SURE YOUR SEMESTER TIMELINE GANTT CHARTS ARE UP ON SHAREPOINT
- > Start working on your design specification documents so you can get it done before next week.
