

## Improve your ICT4D partnerships & learn from your peers

The **2nd virtual ICT4D Partnerships Conference** on **January 25 - 27, 2022**, gathers hundreds of global actors involved in using digital tech for international development and humanitarian response to learn about best practices, opportunities and challenges when working in partnership with others.

With the kind support of our sponsors [DAI Global](#), the [Digital Impact Alliance](#), and [Premise](#), this three-day conference is **free to attend** and offers practical insights on addressing challenges in data sharing and how tech choices impact the success of our collaborative efforts.

[Register to the conference now](#) to learn about:

### Tech Choices & Collaborations (January 25 → [save in your calendar](#))

- Role of partnerships in accelerating digital readiness
- Tech choices in collaborative health initiatives
- Leaving no one behind: aligning tech choices with development goals
- Addressing (different levels of) digital maturity in partnerships

### Partnering Locally (January 26 → [save in your calendar](#))

- Developing a digital competency framework for local partners
- Role of funders in supporting community-developed ICTs
- Good practice for partnering with local tech companies
- Supporting an enabling ecosystem for digital tech entrepreneurs in growing economies

### Data Sharing in Partnerships (January 27 → [save in your calendar](#))

- Strengthening responsible data management practices
- Balancing the need for using digital ID with concerns about security and privacy
- Defining responsibilities in data sharing
- Toward ethical AI: diversifying data, designers, and decision-makers
- Workshop: Risks and benefits analysis

Hear insights from DAI Global, DIAL, Deloitte, MIT, IREX, ID2020, Strategic Impact Advisors, DHIS2, CRS, NRC, Dimagi, NetHope, Simprints, World Vision, and many more.

Plus, make new connections in our regional, sectoral, or thematic networking sessions.

*Enjoy your holidays and see you on January 25<sup>th</sup>!*

*Best wishes,*

*Sonja Ruetzel ICT4D Conference Manager, CRS*

**P.S.: [Don't forget to register](#) to get the session links and access the networking platform!**
